The Senior School builds on the principles laid down by the Middle School, to effectively address both academic and developmental needs. Students are encouraged to develop their own thinking and learning methods, and a Personal Learning Plan is established by each student.

At the start of Senior School, a personalised “Career Life Map” helps identify learning strengths and possible career pathways. This careers programme helps motivate and prepare students for their life ahead.

By continuing to effectively address both the academic and developmental areas of need, the Senior School endeavours to help all students effectively pursue their future aspirations and long-term goals.

Cedar College is committed to preparing students for Tertiary Education. This includes University, as well as other suitable career pathways. We provide specialist teaching staff and up-to-date curriculum within the Senior School.

While the academic demands of Senior School are a priority for our students, a proactive approach to their developmental needs is still necessary.
The continuation of character development, in conjunction with the pursuit of academic excellence, prepares these senior students for the future.

The Senior School seeks to fulfil the vision of Cedar College to provide a high-quality and caring educational environment for students from Reception through to Graduation.

**Compulsory Full Year Subjects**

- Christian Living
- English
- Mathematics
- Science
- History
- Health & Physical Education
- Personal Learning Plan

**GROUP 2**
- Design and Technology
- Visual Arts
- Drama
- Information Technology
- German

**In Year 10 there are seven class periods per day, totalling 35 per week.**

A broad-based curriculum provides the opportunity for these young adults to pursue their aspirations and long-term goals, and a careers programme which assists in identifying the future pathways of each student.

The continuation of character development, in conjunction with the pursuit of academic excellence, prepares these senior students for the future.

The Senior School seeks to fulfil the vision of Cedar College to provide a high-quality and caring educational environment for students from Reception through to Graduation.

Involvement in the local community provides students with valuable experience and opportunities to serve others.

Students in Senior School are required to organise a Work Experience placement as part of their Personal Learning Plan studies.

### 6th Form Preparation

### 7th Form Preparation

1. SACE Stage 1 & 2 Course Outlines available via our website: www.cedarcollege.sa.edu.au
2. It is possible that not all subjects in this table will run in 2018. Viability is dependent upon class numbers.
3. For subjects in pink boxes, students are allocated to these subjects by staff.
4. Entry into all subjects is in accordance with our minimum grades policy, dependent on previous year’s results.

Note: All groups are subject to change.

* Home Economics is limited to 16 students per semester;
* Design & Technology is limited to 12 students per semester, in accordance with our minimum grades policy.
** Vetamorphus: 7 students max. can be chosen for this subject, via application process & subject fee. Vetamorphus may also be studied by Year 12 students.

---

**Cedar College has high regard for personal development in areas of the arts, sport, and service to the community.** The Senior School offers students an opportunity to participate in an overseas service trip, which allows them to experience living in a different culture and serving others in a practical way.

---

**Senior School Service Trip students experiencing life in Thailand.**

---

**Senior School cast of “Wonderland”.**
How students complete their SACE at Cedar College

Year 10

Students complete their Personal Learning Plan (10 SACE Credits).
This is a compulsory SACE subject that students must attain at least a C grade within, to be awarded their SACE Certificate.

Year 11

All students complete 20 credits of Stage 1 study within an English based subject and 20 credits of study within a Mathematics based subject – 40 SACE Credits. These are compulsory SACE subjects that students must attain at least a C grade within, to be awarded their SACE Certificate.

Most students will also complete three additional full year Stage 1 (20 credit) electives – an additional 60 SACE Credits.

All students complete the Stage 2 Research Project – 10 SACE Credits. This is a compulsory SACE subject that students must attain at least a C grade within, to be awarded their SACE Certificate.

The flexibility to accelerate students is also an option (a students may complete some Stage 2 subjects in Year 11).

Year 12

All students will complete Christian Living. There are SACE and non-SACE course options. The SACE option is a 10 credit course that can contribute to the calculation of a student ATAR (Australian Tertiary Admission Rank).

Most students will complete 4 or 5 full year (20 credit) Stage 2 subjects – an additional 80-100 credits.

Vocational Training

A range of vocational training options are available to our students at Year 10, 11 and 12. Currently we have senior students completing vocational training in the following fields: Construction, Plumbing, Media, Beauty Services, Animal Studies, Business, Kitchen Operations, Health Services, Early Childhood Education and Care, Aviation and Applied Fashion Design.

It is worth noting that the options available to our students are not restricted to the areas above. Areas of interest and potential vocational courses are negotiated with our VET Coordinator, Mrs Bronwen Burleigh.

Upon completion of their studies at Cedar College

Most students at Cedar College will graduate with between 210 and 230 SACE Credits.
This is beyond the minimum of 200 credits required to achieve the SACE Certificate.

Most Year 12 students will complete with between 90 and 120 Stage 2 SACE Credits. Students need 90 Stage 2 Tertiary Admission Credits to be eligible for an Australian Tertiary Entrance Rank (ATAR). Students need to achieve a C grade or higher in at least 60 Stage 2 credits (in addition to the Research Project) to be eligible for their SACE Certificate.
