Music and German may be studied for a full year.

Building healthy habits and character

Designed to meet the changing needs of the teenage student, the Middle School strives to ensure learning is relevant, meaningful and enjoyable.

This style of learning seeks to prepare Year 7 to 9 students for their important Senior School years.

- Innovative implementation of the Australian Curriculum
- Academic focused problem solving
- Pastoral guidance
- Communication skills
- Knowledge of God as Creator
- SPARK - Gifted and Talented extension program
- CANOPY support is offered at each year level in classroom and timetabled classes for students with diagnosed learning needs

A range of specialist subjects, including Music & Drama, LOTE, Food & Hospitality, Visual Art, Information Technology, Design & Technology, and Health & Wellbeing are also introduced during Middle School.

The Middle School is structured to include daily Community time, which enables students and teachers to interact in a personal and caring environment, with relationships that continue from one year to the next. Community time allows teachers to address issues that are important to young people in a genuine and biblical way.
